

CQB MEETS THE SIG MPX AND MCX

THE MAXIM CQB STOCK FOR MPX AND MCX

The toughness of Maxim Defense CQB Stocks are available for your SIG® MPX and MCX rifles. Built with the same functionality and durability as our CQB Stock for AR-15, your MPX or MCX finally have a CQB stock option suited for real-world use. Solid attachment, quick deployment, built-in sling mount, and 5-positions of adjustment make this the perfect choice for your hard-use carbine and subgun.

Built for duty • Rapid deployment • Full auto compatible
